LONE TREE ARTS CENTER PRESENTS SENSORY FRIENDLY PERFORMANCE OF HOME FOR THE HOLIDAYS

LONE TREE, CO – As the leading provider of sensory friendly arts programming in the state, the Lone Tree Arts Center is thrilled to present a sensory friendly performance of Home for the Holidays on Sunday, December 10 at 7pm.

Holidays are about traditions, so continue your tradition with hometown favorite Home for the Holidays. There’s something for everyone in this family-friendly holiday spectacular: dancers, singers, drummers, holiday songs, and of course, a celebrity appearance from you know who! A completely new show for 2017, Home for the Holidays is sure to delight and put you into the holiday spirit.

The Lone Tree Arts Center is a leader in sensory friendly access to the arts. LTAC’s sensory friendly programming series, SF Family Tree, presents performances for families of individuals with intellectual or developmental disabilities, autism, sensory processing disorder, or other conditions. After producing its first sensory friendly show in December of 2013, it was clear how much having this outlet and access touched the lives of those who attended. For many, this was the first time they thought it would be “safe” to attend a live performance, having always worried about distracting others or wondering what triggers might exist. SF Family Tree is a series designed to present performances in a relaxed, sensory-friendly way to ensure everyone has access to live entertainment at an affordable rate. Performers modify shows to ensure there are no startling noises or visually over-stimulating components. Our team keeps sound levels lower than normal and keeps the lights in the audience higher than normal, ensuring audience members can see each other. Audience members are free to come and go if need be (there is always a “safe room” available) and are asked to wave hands rather than clapping.

Date & Tickets

Sunday, December 10 at 7pm. All tickets are $20. Tickets may be purchased by calling 720-509-1000, Monday-Friday, 10am-4pm or at www.LoneTreeArtsCenter.org.
