Tony Lazzari

“Abbott Church Milky Way”

$749

Image Description: Extremely long exposure of the Milky Way over an old country church

Location of Image: Lindon, Colorado

Type of Camera and Lens Used: Sony A7M2, Sigma 20mm F1.4 DG HSM | Art 018

Camera Settings Used: 1819 sec @ f/1.6, ISO125 - Single image processed in LR

Artist Statement: My images focus, for the most part on the beauty of the natural world and the night sky. While sometimes I dip into urban/street imaging you can often find me taking back roads in the mountains and the eastern plains to find that different angle or view.
